Sisters and Brothers,

This Mother's Day, I want to take a moment to recognize the women who make this union stronger every single day.

To the Sisters out on the jobsite before sunrise, putting in honest hard work, carrying tools, carrying responsibility, and carrying their families on their backs with pride...we see you.

To the women in our offices and staff who keep this union moving day in and day out with dedication, toughness, and heart...we see you.

And to the wives, mothers, sisters, daughters, partners, and loved ones who stand behind our members through long hours, sore bodies, missed dinners, early mornings, and everything this life demands...we see you, too.

The New York City District Council of Carpenters was not built by one kind of strength. It was built by generations of women whose sacrifice, resilience, and love helped hold families together and helped build this union into what it is today.

You are part of the foundation of this great union.

On behalf of the entire District Council, thank you for everything you do for your families, your union, and this city.

Happy Mother's Day.

In Solidarity,
